

## CPR Certification

### Cardiopulmonary Resuscitation (CPR) Workshop:

As a healthcare provider, it is important to stay up-to-date with CPR and First Aid Certification. CARE Centre welcomes certified facilitators to provide this training to our IEN community. Upon successful completion of the workshop, participants will be issued an official certificate, CPR - Basic Life Support (formerly CPR - HCP Level).

### Learning Topics:

- Recognizing heart attack
- Chain of survival in pre-hospital settings and in-hospital settings
- Adult/child/infant CPR
- Choking rescues & Automated External Defibrillator (AED) use
- Bag valve mask and artificial respiration
- Rescue Breathing
