

## Struggling to complete a Competency Assessment Supplement (CAS)?

### The CAS Workshop for IENs:

As an IEN, the College of Nurses of Ontario may ask you to complete a Competency Assessment Supplement (CAS) if your education and experience show gaps in competency for current nursing practice here. CARE Centre's comprehensive CAS workshop will support you in your readiness to complete this document.

### Learning Outcomes:

- Identifying the competencies related to: communication, critical inquiry, problem solving, leadership, research, assessment, health promotion, and ethical/legal/social/political considerations
- Classify unmet CAS competencies
- Use the nursing process and critical thinking as a framework to structure CAS scenarios
- Identify past experiences that can be applicable to a scenario
- Know the factors/questions to be considered in developing scenarios

**Contact your Case Manager to find out more!**
